August 2019 registration information for all students

- **Parents will be receiving an email with a link to the PowerSchool Parent Portal where they can update and revise student information online.** We know this will improve our registration process and help us keep information more up-to-date. Be on the lookout for that email in August to help with student registration. **Online updates need to be complete prior to students registering for school** on 8/15 and 8/16.
- All 11th & 12th graders will register at MVHS on **Thursday, August 15** from 8:30-11:30 am and then 12:30-3:00 pm.
- It will be a similar schedule on **Friday, August 16** with 9th & 10th graders registering from 8:30-11:30 am and then from 12:30-3:00 pm.
- Students who miss their registration time can come in Monday, August 19 during the same times to register for classes and pay fees. This is also the time for **any new or transfer students** to come in and register at MVHS from 8:30-11:30 and 12:30-3:00.
- There will be an **orientation for all 9th graders and new students** the evening of **Monday, August 19 at 6:00 pm in the MVHS auditorium.**
- Students and parents need to be ready to pay a **\$20 registration fee** as well as *fees for specific elective classes* or outstanding fines at this time.
- **New and freshman students also have a \$20 book deposit fee.**
- Student schedules may change between now and the fall as we work to balance class sizes. If students get on PowerSchool in August their schedule may still change before school starts.
- Due to legislative changes regarding fractional enrollment and accounting of students, **MVHS students are only allowed one release period, this includes seniors.** We require all students to have a full schedule unless they qualify for the single release time.
- *Incoming senior students who are not proficient on the ACT in Math must take a fourth year of math their senior year. Students must have a 20 on the Math subtest of the ACT to opt out of math as a senior.*

Students and Tobacco & E-Cigarette Use

As we reflect on our next steps as a school for the coming year, I am reminded of the problem schools across the country are having with vaping and e-cigarettes. Without a doubt we need to work together as a school and community to both limit under-age access to vapes and juuls and to also make it clear to our young people that we care about them too much to allow them to smoke, vape, chew, or use any kind of tobacco.

A reminder for students and parents that if anyone is in possession of an e-cigarette, vape, or juul (including in a vehicle) it would be a violation of school rules, would be considered a major activity violation, and a violation of the law.

We have many excellent students at MVHS who don't want vaping to be a part of what we do here. Hopefully we can work together to eliminate student tobacco use.

Hunting Season, Weapons, and Parking on Campus

Remind your child to remove any firearms, hunting weapons, and ammunition from their vehicle before they come onto school grounds.

Wyoming Statute 6-1 104(a)(iv), is clear that hunting weapons are considered a Type I weapon and the penalty for possession of Type I weapons on school grounds is **expulsion**.

Please emphasize to your child the importance of safety at this time of year. **Take the time to be sure all hunting weapons are out of student-driven vehicles, and secured off campus.**

ACT Registration & Testing Dates

There are several upcoming fall ACT test dates available for all students:

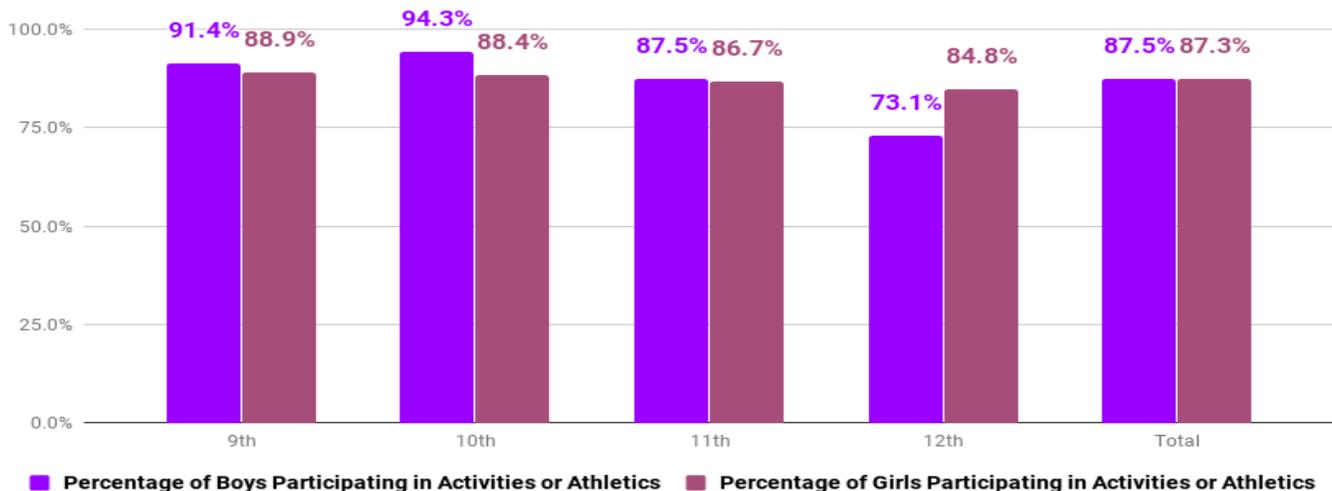

Test Date	Registration Deadline
9/14/2019	8/16/2019
10/26/2019	9/20/2019
12/14/2019	11/8/2019

All 9th, 10th, and 11th graders are eligible for a one-time cost of the ACT test reimbursement if they take the test prior to the statewide testing date of their junior year.

This is the best opportunity for a student to get additional practice on the ACT and to work towards improving his or her score for Hatha-way Scholarship purposes. See Miss Lupher for details.

“In a world of distraction, single tasking is a superpower.”
- Tim Ferriss

Percentage of MVHS Students Participating in Activities & Athletics During the 2018-2019 School Year

The chart above shows the overall level of involvement of MVHS students in activities as well as separated out by grade. **87.4%** of our students are involved in athletics or activities. Students involved in activities do better in school, have better attendance, and - most importantly - make more positive memories during their high school years. Keep up the good work students and thank you for your hard work in and out of the classroom!
