The juniors and seniors participated in College Planning Days on September 13th . Students had the opportunity to talk to admission representatives about require-ments, scholarships, and programs of interest. I encourage you to ask your student about the experience and have a conversation about potential colleges or tech/trade schools they may be interested in.

I have been in and out of the senior economic classes discussing scholarships, tran-script requests, and answering questions regarding the college admission process and career ideas. I encourage any senior to make an appointment with me to answer any questions they may have about the application process.

Seniors: transcript request for colleges: seniors will need high school transcripts sent to colleges they have applied for, please have them fill out a transcript request form. The form is located on the district website under the quick links tab.
